

- Problem report number : 7
- Reported by : Mehregan
- Date reported: March 24, 2024
- Program (or component) name : Family doctor search
- Release number: 2
- Version (build) identifier : 2420ec2
- Configuration(s): N/A
- Report type: Design issue
- Can reproduce: yes
- Severity:
- Priority: 3
- Problem summary: using the family doctor adding, I wasn't sure what it connects too and assigned the family doctor to.
- Key words : family doctor
- Problem description and how to reproduce it: when logging into the nurse dashboard, there is an option to write under a box for family doctor. I wasn't sure what this box does.
- Suggested fix : move this to view patients page to choose a patient first and input the family dr info If its not already there
- Status: Tester fills this in. Open resolved
- Resolution: project manager owns this
– pending/fixed/Cannot reproduce/Duplicate/etc.
